

## Ages & Stages Questionnaire (ASQ) Instructions

Welcome to Infinity Pediatric's developmental screening and monitoring program. Because your child's first 5 years of life are so important, we want to help you provide the best start for your child. As part of this service, we are asking you to complete the Ages & Stages Questionnaire, Third Edition (ASQ-3), to help you keep track of your child's development.

Dr. Vicky Mah  
Dr. Katie Soper  
Dr. Ernst Hoppenbrouwers

A questionnaire should be completed *before every routine follow-up*, which may be every 2, 4, or 6 month period. You will be asked to answer questions about some things your child can and cannot do. The questionnaire includes questions about your child's communication, gross motor, fine motor, problem solving, and personal social skills.

1. Go to: <https://asqonline.com/family/5e5383>
2. Enter your child's birthday
3. Enter the number of week premature, which should bring up the closest questionnaire to their age.
  - If born at 37 – 42 weeks, that is considering term, so enter 0.
  - If born before 37 weeks, enter the number of weeks born before 40 weeks – for example, 34 weeks would enter 6; 27 weeks premature would be 13, etc.
4. Hit submit.
5. Enter your results on online (rather than printed version)
6. Enter the demographic information.
7. Fill in the questionnaire, and if necessary play with your child to see if they can complete the activity. Use the arrows to navigate in between pages
8. If desired print a copy for yourself, before you the next step
9. Hit Submit, so the results be sent electronically to us.
10. You're done!

Also, note that it make take 1-2 business days for the results to be uploaded to your child's chart. We look forward to your participation in our program and reviewing the results with you at your child's next appointment!

Sincerely,

Infinity Pediatrics
